To: Claudia Rugart,  
and all our dear friends from SCORA.

On behalf of the Upper Galilee regional council and all our residents, I would like to thank you for your tremendous support during these difficult times. Words alone are not enough to express our gratitude, we are truly moved and strengthened. With your aid, we will be able to continue supporting most of our residents who were evacuated to safer places – we assist them with accommodation and hospitality costs, educational and social activities for children, youth, and the elderly, transportation, and hot meals. Furthermore, we can keep supplying medical equipment, rescue equipment, emergency equipment etc. for the brave men and women who stayed behind in the kibbutzes to take care of our homes.

Again, I want to thank you from the bottom of my heart. Your standing beside us now is an expression of our partnership and our strong bond, which mean very much to us.

Sincerely,

Giora Salz  
Chairman of the Upper Galilee Regional Council
