Founder of SCORA meet

SCORA meet 2025 in India –what a special event!

It means that you will experience one week of fun, activity and making new friends from all over the world!

SCORA meet 2023 and SCORA meet 2024 took place in Germany, where the idea was conceived, shaped and made a reality. We are happy and proud, that now one of our closest friends in the SCORA network in India, Venkateshwar Global School, Delhi, is taking charge of the third edition. This makes us even more global.

You will benefit a lot from it. The SCORA meet-week will give us all the opportunity to explore what diversity means and how it enriches our lives. You get the chance to reflect on your mindset, and gain new tools to handle situations which you are not used to. We will focus on how we can prevent ourselves from negative forces as antisemitism and racism.

I am really grateful to the management of Venkateshwar Signature School, Raipur for hosting us all in 2025! Thank you!

And I wish us a wonderful and blessed week together!

PURPOSE

- Bringing together young people from schools in different parts of the world to enable them to experience diversity and providing them opportunities to learn ways to assimilate harmoniously in diverse groups.
- Development of a school culture in which all stakeholders – students, teachers, parents and school managements, do not tolerate anti-Semitism and racism or any other group-related hostility towards people. They are committed to shape a culture in which diversity and difference are welcomed and understood as enrichment.
